To whom it may concern:

It is my pleasure to write this letter of recommendation for Andrew Dominguez-Hansen. He worked for Sante Health System in the summer of 2016 in our Finance Department. Not only was he punctual and professional, but he always had a great attitude and was willing to help out with any and all tasks.

Andrew is a very inspirational young man and clearly takes his education very seriously. I had several conversations with him during his employment with Sante Health System and continued to be impressed with his dedication, rigorous class schedule, and ability to balance work and school.

From my interactions with Andrew, it was clear he was very committed to achieving his academic goals. He has keen interest in science and technology and would like to pursue a career in informational technology.

So it is without reservation that I write this letter of recommendation on his behalf.

Please contact me with any questions.

To whom it may concern:

I have had the great opportunity to work with Andrew Dominguez-Hansen during the summer of 2017. During this time, I got to know him and was impressed with his attitude and maturity. During his tenure with Advantek Benefit Administrators, Andrew proved to be very flexible and willing to learn many different skills.

He was always pleasant and upbeat and willing to help his team. He had perfect attendance and was always on time. While some of the tasks he did weren't the most exciting, he always performed them with a positive attitude. Our company has a policy to bring on interns from high schools and colleges to provide them with work experience. It is refreshing to see a young man who appreciates this opportunity and made the most of it.

Please give Andrew every consideration as he is a very worthy and commendable candidate.

Feel free to contact me with any questions.

Sincerely,
